Dog Race Event Rules

The track is surrounded by fencing to separate dogs and racers from spectators. Dogs may be off-leashed in the track area but must be always kept on-leach outside of the track.

The rules are presented at the beginning of each heat by the race judge. Volunteers will be available to provide any assistance that you may need.

- The small dog division is open to any breed of dog under 15 pounds in weight.
- All dogs must have two handlers for the event. One handler will release the dog at the starting line and the other handler will “catch” the dog at the finish line.
- Dogs must be held at the starting line until the whistle is blown to start the race.
- Do not release the dog before the whistle is heard as a 2nd false start will disqualify the racer.
- Handlers at the finish line must remain behind the line and cannot reach the track to catch their dog.
- The number of heats will be determined by the number of racers. The top two racers in each heat will advance to the next round. In case of a tie or if a racer is cut-off, more than two racers may advance to the next round.
- Dog handers at the finish line can bring a toy to entice their dog. No food is allowed in the race area. No object may be tossed down the track.
- The judges’ decisions are final.
